Mixed-use Development in Rapidly Developing Neighborhood

EVER RED's project in Heritage Valley will be situated in one of South Edmonton's most rapidly growing residential areas. The mixed-use site is shadow anchored by a Real Canadian Superstore and large retail trade area, and offers desirable frontage and exceptional exposure for CRUs on James Mowatt Trail.

- Prominent corner location off James Mowatt Trail and minutes from QEII HWY and Ellerslie Road
- Surrounded by dense multi-family residential, including the proposed six-storey apartment within the development
- Multi-family building backs onto a park with walking trails and a pond
- The future LRT expansion is within walking distance of the development, and multiple pedestrian friendly paths connect residential communities to the site
- Building and pylon signage opportunities
- Turn-key options are available

Rapidly Expanding Southwest Communities

Heritage Valley's Primary Trade Area is estimated to reach over 170,000 Residents upon Full Buildout. Approximately 21% of all Edmonton area growth took place in Heritage Valley as shown in the last census.

The new 320 acre Hospital and Health campus is currently completing conceptual programming, with estimated completion in 2030.
